

# Roblox

## 1. Create a Child Account

- Use your child's real birth year so Roblox applies proper age-based restrictions.

## 2. Enable Account Restrictions (Parental Controls)

- Go to Settings (gear icon top-right)
- Select Parental Controls
- Toggle Account Restrictions to On
- Create a Parent PIN to lock settings

## 3. Manage Chat Settings

- Go to Settings > Privacy

Adjust the following:

- Who can message me?
- Who can chat with me in-app?
- Who can chat with me in-game?

Recommended: Set all to Friends or No one

#### 4. 👁️ **Monitor Activity**

- Log into your child's account to check:
  - Friends list (delete and block any unknown)
  - Games played
  - Messages and chats
  - Purchase history
  - Private servers joined (this could be a sign of interacting with strangers).

#### 5. 🚫 **Teach Your Child to Spot Scams and Inappropriate Behaviour**

- Never share passwords or personal information
- Avoid users offering free Robux or external links
- Report bullying, inappropriate games, or messages

#### 6. ⌚ **Set Screen Time Limits**

- Roblox's in-app timer (if available)
- Apple Screen Time (iOS)
- Google Family Link (Android)
- Parental control apps like Qustodio

## 7. 📖 **Use the Parent PIN**

- Go to Settings > Parental Controls
- Create or update the Parent PIN
- Ensure your child does not know the PIN

### 📋 **Quick Safety Checklist**

- Real Birth Year Used → ☒ Yes
- Account Restrictions → ☒ On
- Chat Settings → ☒ Friends or No one
- Parent PIN → ☒ Enabled
- Activity Monitoring → ☒ Weekly
